REVIEW BY DragonFruit

1 COMMENTS
- only comments regarding runtine.
  - no explanations of why this runtine.
- No other comments explaining parts of the code, syntax and how they decided to do things

3 STYLE
- wrong indentation of method getLast()s
- Good whitespace in general in code
- Nice whitespace in README
- Cluttered main method

3 ROBUSTNESS
- used ArrayList
  - Room for optimization with other containers (DLLNG
  - used ArrayList's features effectively
- No exception handling

2 README
- Missing reasoning behind container choice
- clear explanation of the method implemented & why
